INTRODUCING THE PANASONIC TOUGHPAD FZ-M1 TABLET

The Trimble Civil Engineering and Construction division is proud to announce the Panasonic® Toughpad® FZ-M1 Tablet. The Toughpad FZ-M1 is a fully rugged tablet built for the jobsite, ideal for customers who need a lower price-point tablet. Powered by Windows® 10 Pro, contractors will experience the easy-to-use interface of the Trimble® Siteworks Positioning System with the power of a robust operating system. The Toughpad FZ-M1 allows contractors to work with larger, more complex 3D data sets more effectively in the field. It features a long life, user-replaceable battery and a daylight-readable, high-sensitivity multi-touch display for use with heavy gloves.
